AN OFFICIAL 501c3 CHARITY

For many of the men here, this is the tenth or eleventh deployment since 9/11 and the gifts also remind us that Americans through almost 10 years of combat, people still remember and respect those who serve and sacrifice which instills a strong sense of patriotism, inspiring the men on a daily basis.

Major Alex.

Wow, Unbelievable support. Seriously, these are the best care packages that I've ever seen in over 36 months of being deployed. I cannot thank you enough. The boys had a phenomenal time enjoying all the items sent. The support is amazing. I really can't find the words to express how much we all appreciate it.

Major Kevin.

We received...& continue to receive a tremendous amount of packages out here! I cannot overstate how much we appreciate the support-and knowing there are folks out there thinking of us.

Major Rob.

Thanks for helping to make our soldiers lives a little brighter. Your involvement with our men, helps to make them feel appreciated and frankly inspires them to serve. It has a direct effect on their decisions to continue to serve the nation and we need them to stay in uniform now more than ever.

Col. Brian
