**OUR CAUSE:** Net proceeds benefit Jeffrey's Voice a 501c3 public charity with a single and very clear vision ... to reach the day when no more are lost to Leukemia, when all remissions are permanent, and when finally there is a cure for all.

Jeffrey's Voice funds research that will lead to that day. In addition to the many lost each year to blood cancers, Jeffrey's Voice also honors the legacy of two young brothers, Jeffrey Horne, lost to Leukemia at the age of 20, and his younger brother and bone marrow donor, Brian, 19, who died of sudden cardiac arrest (a broken heart) less than five months after losing his beloved brother.
